24x7pharma.com

Overview

History With the proliferation of online drugstores, finding a reputable one can be a daunting task. The credibility of these websites varies greatly, making it essential to conduct thorough research before making a purchase. Today, we aim to provide an impartial evaluation of 24x7pharma.com, an online pharmacy that touts competitive drug prices.

License

License A fundamental step in assessing a website's legitimacy is scrutinizing domain information, although it should not be the sole determining factor. Let's begin by examining some key domain details:

24x7pharma.com was registered on June 26, 2018, indicating an operational history of nearly four years. The most recent website update occurred on June 21, 2022, suggesting ongoing development efforts. The domain is slated to expire on June 26, 2023. Notably, 24x7pharma.com employs a proxy service to conceal the owner's identity, a practice often used for security purposes, though it may raise concerns for some.

Drugs

Drugs While 24x7pharma.com's legitimacy may be in question, it does offer a range of products, including medications for addiction, angina, men's health, and other generic medicines. Despite doubts about authenticity, the pharmacy provides these products at reasonable rates, primarily focusing on men's health medications as a marketing strategy. What is 24x7pharma.com and what does it offer? 24x7pharma.com is an online pharmacy that claims to offer a diverse range of both generic and branded medications. They cater to various health conditions including, but not limited to, erectile dysfunction, cancer, and other chronic diseases. Is 24x7pharma.com a reliable and trustworthy source for medications? The reliability and trustworthiness of 24x7pharma.com as an online pharmacy is not clearly established. It is advised for customers to exercise caution and conduct thorough research, including checking for regulatory compliance and customer reviews, before making any purchases. What types of medications can be purchased at 24x7pharma.com? 24x7pharma.com offers a wide variety of medications, including treatments for erectile dysfunction, cancer, pain relief, and other chronic health conditions. The site provides both generic and brand-name options for these medications. What are the payment and shipping policies of 24x7pharma.com? The payment and shipping policies of 24x7pharma.com are not explicitly detailed on their website. Potential customers should contact the pharmacy directly for information on accepted payment methods, shipping costs, delivery times, and any return policies.

Price list

Price List 24x7pharma.com employs a common sales tactic by advertising prices significantly lower than those of competitors. After selecting a product, customers can customize their order on a dedicated page. The pharmacy accepts various payment methods, including credit and debit cards. Drug Name Price silagra price in india From \$0.15 suhagra force From \$0.1 nizagara for sale From \$0.2 kamagra 100 From \$0.4 cipla tadacip From \$0.66

Customer support

Customer Support Transparency about the location of 24x7pharma.com is lacking, potentially raising suspicions of its legitimacy. While the pharmacy provides a mailing address and business hours, their authenticity remains uncertain. Notably, a trust score of 1 out of 100 on scamadviser.com suggests that 24x7pharma.com is likely a scam.

Discounts

Discounts Specific details regarding discounts are not provided in the website, but the emphasis on competitive pricing implies a commitment to affordability for customers.

Conclusion

Conclusion Our comprehensive evaluation of 24x7pharma.com leads to a resounding conclusion: this online pharmacy poses a high risk of fraudulent activity. With a ScamAdviser score below 1%, strong indications point toward a fraudulent website. Additionally, the absence of reviews on Trustpilot.com and the paltry trust score of 1 out of 100 on scamadviser.com further bolster suspicions. Shopping from 24x7pharma.com significantly increases the likelihood of falling victim to a scam. Consequently, we assign this online pharmacy a rating of only 1 out of 5 stars.
