Price list Most of equipment and medications are sold at affordable and competitive prices. In our future corpvisionlife.net reviews we shall tell more about the pricing policy and about some mechanisms the site uses to make it affordable to every customer type. Drug Name Price silagra 100 mg From \$0.15 suhagra 100 vs viagra From \$0.1 nizagara 100 price From \$0.2 kamagra soft From \$0.4 tadacip 20 From \$0.66

Customer support

Customer Support On the site it is declared that the Customer support center operates 24/7 but in fact it is not so. We discovered that the Customer support is available only during business hours. Specialists there can be reached either by chat-space or by e-mail, which is not always convenient. Despite these facts specialists there are rather skilled and give useful recommendations.

Discounts

Discounts The site implements corpvisionlife.net discount policy, which is offered only after third purchase by the registered customer. Such corpvisionlife.net discount program grants 5% rebate for further purchases to each registered customer and has never been changed since its launch. Unfortunately, the site does not have corpvisionlife.net coupon system. We believe that corpvisionlife.net coupon system will attract more customers to the site which will in the end result in sales volume increase.

Conclusion

Conclusion Despite the fact that on site you can find almost all specific medications and equipment to our opinion it nonetheless needs an upgrade.
