Heals-rx.com

Overview

History Heals-rx.com, an online pharmacy with a claimed 7-year history, asserts to provide high-quality generic medications, ensuring their equivalence in efficacy and quality to brand-name counterparts. This review scrutinizes the pharmacy's legitimacy and offerings.

License

License The domain registration for Heals-rx.com was handled by a third party, GKG.Net, Inc., omitting crucial owner information. The domain, registered on September 11th, 2018, and updated on July 25th, 2022, will expire on September 11th, 2023. These characteristics, along with domain anonymity and recentness, often align with scam websites, raising trust concerns.

Drugs

Drugs Heals-rx.com's website lacks secure connections, posing a risk to personal data. This insecurity, coupled with domain anonymity, accentuates the pharmacy's potential danger to users. What is the range of products offered by Heals-rx.com? Heals-rx.com offers a variety of medical products and medications. The specific range of products is not detailed, but typically online pharmacies offer prescription and over-the-counter medicines, health supplements, and other healthcare-related products. Is Heals-rx.com a secure website to make online purchases? Heals-rx.com does not use an HTTPS connection, which is generally considered essential for securing online transactions. This lack of a secure connection could put personal and payment information at risk. How reliable and trustworthy is Heals-rx.com? The reliability and trustworthiness of Heals-rx.com cannot be confirmed. The website is not widely recognized, and there is limited information available about its operations and customer reviews. What precautions should customers take when considering purchases from Heals-rx.com? Customers should exercise caution when considering purchases from Heals-rx.com. It is advisable to research the site's credibility, look for customer reviews on independent platforms, and ensure secure payment methods before proceeding with any transactions.

Customer support

Customer Support Heals-rx.com's deceptive business profile aims to appear legitimate, but its overall lack of transparency and the sharing of phone numbers with other online drugstores cast doubts on its authenticity.

Discounts

Discounts The pharmacy has mirror websites that mimic its interface and content, comprising a network of mirror websites with similar company details. These websites are associated with illicit activities.

Conclusion

Conclusion LegitScript rates Heals-rx.com as "rogue," and it's listed on the National Association of Boards of Pharmacy's "Not Recommended List." Regulatory non-compliance underscores its illegitimacy. Considering the risks posed by the website's lack of security, shared content with mirror websites, and deceptive practices, it merits a 1-star rating and is deemed a scam.
