Hisblue.com

Overview

History Hisblue.com stands as an online pharmacy offering an extensive selection of cost-effective medications and medical supplies. Promising easy ordering and swift delivery, it appears to be an attractive solution for all pharmaceutical needs. However, is Hisblue.com truly as exceptional as it claims? If you've been contemplating whether to engage with them, allow us to assist you in making an informed decision.

License

License To begin our assessment, we delve into domain information, although it is important to note that domain data alone cannot definitively determine a website's legitimacy. Hisblue.com's domain reveals the following details: Registration date: July 27th, 2019, indicating several years of operation. Most recent update: July 27th, 2022, reflecting ongoing website maintenance. Expiration date: July 27th, 2023, suggesting a continued online presence. Use of a paid proxy service to safeguard the owner's identity, potentially against scammers.

Drugs

Drugs Hisblue.com positions itself as a trusted online pharmacy, offering detailed information, including business hours, a mailing address, and complete contact details. They even specify operating hours for immediate assistance. A review on scamadviser.com awards Hisblue.com a stellar trust rating of 100 out of 100, affirming its credibility as a legitimate and reliable online pharmacy. What is Hisblue.com and what does it offer? Hisblue.com is an online pharmacy that offers a range of medications, primarily focusing on men's health and sexual wellness products. They claim to provide affordable and effective pharmaceutical solutions, including generic versions of popular drugs. Is Hisblue.com a reliable and safe platform for purchasing medications? Hisblue.com has mixed reviews regarding its reliability and safety as an online pharmacy. Customers are advised to research and verify the site's credentials, check for regulatory compliance, and read customer reviews before making any purchases. What types of medications are available at Hisblue.com? Hisblue.com primarily offers medications related to men's health, including treatments for erectile dysfunction and other sexual wellness issues. They provide a selection of generic drugs that are claimed to be effective and budget-friendly. What are the payment and shipping policies of Hisblue.com? Details about payment and shipping policies of Hisblue.com are not explicitly stated. Potential customers should contact the site directly for information on accepted payment methods, shipping costs, delivery times, and any return policies.

Price list

Price List Unlike many other reputable online pharmacies, Hisblue.com boasts competitive pricing, aiming to provide convenient and affordable medications. Their product range spans abortion drugs, hair loss treatments, and a comprehensive selection of male and female health medicines, all verified and approved by regulatory authorities for safety and quality. Drug Name Price silagra 100 mg From \$0.15 suhagra 100mg price From \$0.1 nizagara 100 price From \$0.2 kamagra store From \$0.4 tadacip 20 From \$0.66

Customer support

Customer Support Hisblue.com takes pride in its efficient shipping process, promising delivery within 3-5 business days and offering a toll-free contact number for inquiries. Multiple secure payment options, including debit, credit cards, bank transfers, PayPal, and Stripe, are available for customer convenience.

Discounts

Discounts Despite a promising Scamadviser score of 100, Hisblue.com falls short in regulatory approvals, lacking registration with NABP and earning a “rogue pharmacy” label from LegitScript, raising concerns about legitimacy.

Conclusion

Conclusion The evaluation of Hisblue.com presents a mixed picture. While a flawless Scamadviser score of 100 may initially inspire trust, a deeper investigation reveals discrepancies. Notably, the absence of NABP registration and the “rogue pharmacy” designation by LegitScript are red flags that cannot be ignored. While Hisblue.com may appear attractive, we exercise caution and recommend steering clear to safeguard your financial interests. With these considerations in mind, we award Hisblue.com a rating of 1 star.
