The site requires a prescription for legend drugs, which is a sure sign of a trustworthy licensed pharmacy.

### Price list

Price list The prices at the store, according to what we have seen and what is pointed out by many customers, are anything but low. They can be described as moderate, with a few occasional good finds and great deals, but this is surely not a dime store. Drug Name Price silagra 100 From \$0.15 suhagra 100 From \$0.1 nizagara 100 mg From \$0.2 kamagra 100mg From \$0.4 tadacip 20mg From \$0.66 On the upside, you know what you are paying for: the approved and legitimate trade of high quality and very well assorted drugs. If you are

lucky to get a hold of PlanetDrugsDirect coupon, you will save up to 10% – as mentioned by customer reviews.

## **Customer support**

Customer support Customer Support services extend to ordering by phone or by email, with the reps ready to take out your shopping list and do it all for you during the opening hours. You can even use fax machine for sending in your shopping list and prescriptions. However, they might be somewhat slow responding to emails, according to what we have read on third-party pharmacy survey sites.

---

## **Discounts**

Discounts The site appears to be somewhat stingy with the deals and mark-downs. We haven't found any PlanetDrugsDirect discount offers on the site directly, which is somewhat disappointing for a website with such relatively costly drugs. However, there is a 100% money-back guarantee which is a very rare feature for a pharmacy, because of limitations imposed for the personal hygiene and pharmacy products. Since they will have to dispose of returned goods, it is only natural that they hedge their interests by not distributing PlanetDrugsDirect coupon code left and right.

---

## **Conclusion**

Conclusion Despite the fact that it is fairly impossible to get a PlanetDrugsDirect.com discount and the prices are on the higher end of average, the pharmacy is popular for a reason, which is great level of credibility and customer protection policies. By the time this PlanetDrugsDirect review was written, the website's quality of service had never been questioned by either users or authorities.
